### Current Alerts

# **SITUATION SUMMARY**

**Northern California Fires** (see *Fire Activity Section* for additional information):

## **FAMWEB System Outage**

\* FAMWEB is down, making 209 information unavailable this morning. All Fire intel gathered is from a collaborative effort with CSWC (Inciweb) and direct contact with the incidents by the Cal OES Fire Duty Officer and Cal OES Assistant Fire Chiefs in the field.

## **Cassel Fire, Shasta County (New)**

### **Fire Information:**

Cassel Road at Thrush Road, Community of Cassel, Shasta County

- SRA
- Start Date / Time: 07/04/14 at 1844 hours
- 90 acres, Oak Woodland, 30% contained
- Forward rate of spread stopped
- Per Cal OES Law Duty Officer, Shasta County Sheriff's Office confirmed they went door-to-door to issue precautionary evacuations of the Cassel Guest Ranch area. There are no numbers at this time.
- Per CUEA, threatened High Tension Power Lines are currently free and clear and PG&E is monitoring

# **SITUATION SUMMARY**

**Northern California Fires** (see *Fire Activity Section* for additional information):

## **Monticello Vegetation Fire, Yolo County** (Update)

### **Fire Information:**

Highway 128 near the Monticello Dam, Winters, Yolo County

- SRA
- Start Date / Time: 07/04/14 at 2130 hours
- 7,000 acres, 30% contained
- Moderate Rate of Spread
- Residential Structures Threatened: 50
- Total Personnel Committed: 350
- Per Cal OES Law Duty Officer, Yolo County Sheriff's Office executed a Reverse 911 for voluntary evacuations to residents in Golden Bear Estates
- Per the Cal OES Inland Region Duty Officer, an evacuation shelter has been opened in Winters at the Winters Community Center.
- Road closures are in effect
- High Tension Power Lines threatened, PG&E is monitoring
- A Cal OES Assistant Fire Chief is assigned
- Public Safety Communications has two technicians assigned to the incident

# **SITUATION SUMMARY**

**Northern California Fires** (see *Fire Activity Section* for additional information):

**Butts Incident, Vegetation Fire, Napa County** ([Update](#))

**Fire Information:**

10 Miles SE of Middletown, Shasta County

- 4300 acres, 80% contained
- Residential Structures Threatened: 180 Destroyed: 2
- Other Minor Structures Destroyed: 7
- Fire Management Assistance Grant (FMAG) was approved. FEMA-5057-FM-CA
- Local Government Strike Teams were released on 07/05/14
- Total Personnel Committed: 974
- A Cal OES Assistant Fire Chief is assigned with one Support Unit
- Public Safety Communications has three technicians assigned to the incident
- Road Closures are in effect

## **SITUATION SUMMARY**

### **Northern California Fires (see *Fire Activity Section* for additional information): (Cont.)**

#### **Modoc July Complex Modoc County (Update)**

##### **Fire Information:**

2 miles south of Dalton Reservoir, Modoc County

- 1,651 acres, 75% contained
- There are 15 fires in this Complex
- Several Local Government Overhead are assigned
- A Cal OES Fire Assistant Chief has been assigned to North Ops and Modoc County Fires

#### **Coleman, Vegetation Fire, Modoc County (Update)**

##### **Fire Information:**

25 miles east of Fort Bidwell, Modoc County

- 15,233 acres, 75% contained
- A Type 2 Incident Management Team (IMT) has been assigned

#### **Gulch, Vegetation Fire, Modoc County (Update)**

##### **Fire Information:**

15 Miles North of Canby along Hwy 139, Modoc County

- SRA/FRA
- Unified Command with CAL FIRE LMU and Modoc National Forest
- Start Date / Time: 07/04/14 at 1546 hours
- 5 Fires, 1600 acres, Grass and Brush, 75% contained
- 800 acres FRA, 800 acres SRA
- CAL FIRE Air and Ground Resources committed

# **SITUATION SUMMARY**

**Southern California Fires** (see *Fire Activity Section* for additional information):

## **Ranch, Vegetation Fire, Kern County** ([Update](#))

### **Fire Information:**

10 miles west Lake Isabella, Kern County

- FRA
- 150 acres, 0% contained
- Cooper Type 2 IMT assigned
- Local Government overhead assigned
- Fire is holding in place with the help of daily air support

# **SITUATION SUMMARY**

## **4.6 Magnitude Earthquake, Running Springs, San Bernardino County (New / Final)**

- On 7/05/14 at 0959 hours, a verified 4.6 magnitude earthquake occurred approximately 7 miles north of Running Springs, San Bernardino County. Per San Bernardino Warning Point, their stations have felt the earthquake from Big Bear to Victorville, but there are no reports of damage or injury. Los Angeles County Warning Point has reported they did not feel the earthquake and have not received any calls. Riverside County has received calls, but no reports of damage or injury.
- State Route 18 was closed due to several rockslides; the rockslides were subsequently cleared and the roadway is now open.

## **Motorcycle Rally, Hollister, San Benito County (No Change)**

- The City of Hollister is hosting a large motorcycle rally which is expected to have approximately 100,000 to 140,000 attendees at any given time. The rally is running until Sunday, 7/6/14. For the duration of the rally, several major Hollister streets will be closed.

## **Cal EOC Incident – 2014 Drought**

- SOC / Inland REOC remains activated in support of 2014 Drought

## **Camp San Luis Obispo Last Power Outage Reminder - Monday, July 7, 2014**

- The outage will start at 0730 and last most of the duty day. Please ensure sensitive electronics are unplugged prior to power being restored. This will impact CSTI from the aspect that their phones and Guest wireless/ Internet will be down. The servers should be up, but they will lose some functionality.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:**

#### **Eureka Weather:**

A strong ridge of high pressure building over the West Coast this weekend is allowing inland daytime temperatures to rise above normal. This heat wave will last through the middle of next week.

Monsoonal moisture approaching from the south will bring a slight chance of thunderstorms to parts of the interior Monday and Tuesday.

#### **San Francisco Weather:**

Temperatures will continue to warm Sunday and Monday with hot weather expected across the interior well away from the coast as high pressure over the desert southwest builds westward over California. Night and morning low clouds and fog will be confined to the immediate coast plus adjacent valleys. A cooling trend will develop by midweek with temperatures returning to near normal.

### **CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY**

#### **Sacramento Weather:**

The forecast area will have hot temperatures through Monday under strong high pressure, with a gradual cooling trend through the rest of the week. There is a slight chance of thunderstorms over the mountains Monday through Friday with the greatest chances Tuesday afternoon and evening.

#### **Hanford Weather:**

High pressure anchored over the Four Corners Region will keep above normal temperatures across the central California interior through much of next week. Showers and thunderstorms will form over the desert area and Sierra Nevada as tropical moisture flows over the area.

# WEATHER

## WEATHER SYNOPSIS BY REGION:

### **SOUTHERN CALIFORNIA:**

#### **Los Angeles Weather:**

A slight chance of afternoon and evening thunderstorms will continue for the San Gabriel Mountains and Antelope Valley through early next week as a warm, moist air mass remains in place. Above normal temperatures will continue through early next week as well, and then return to near normal as upper level high pressure weakens.

#### **Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:**

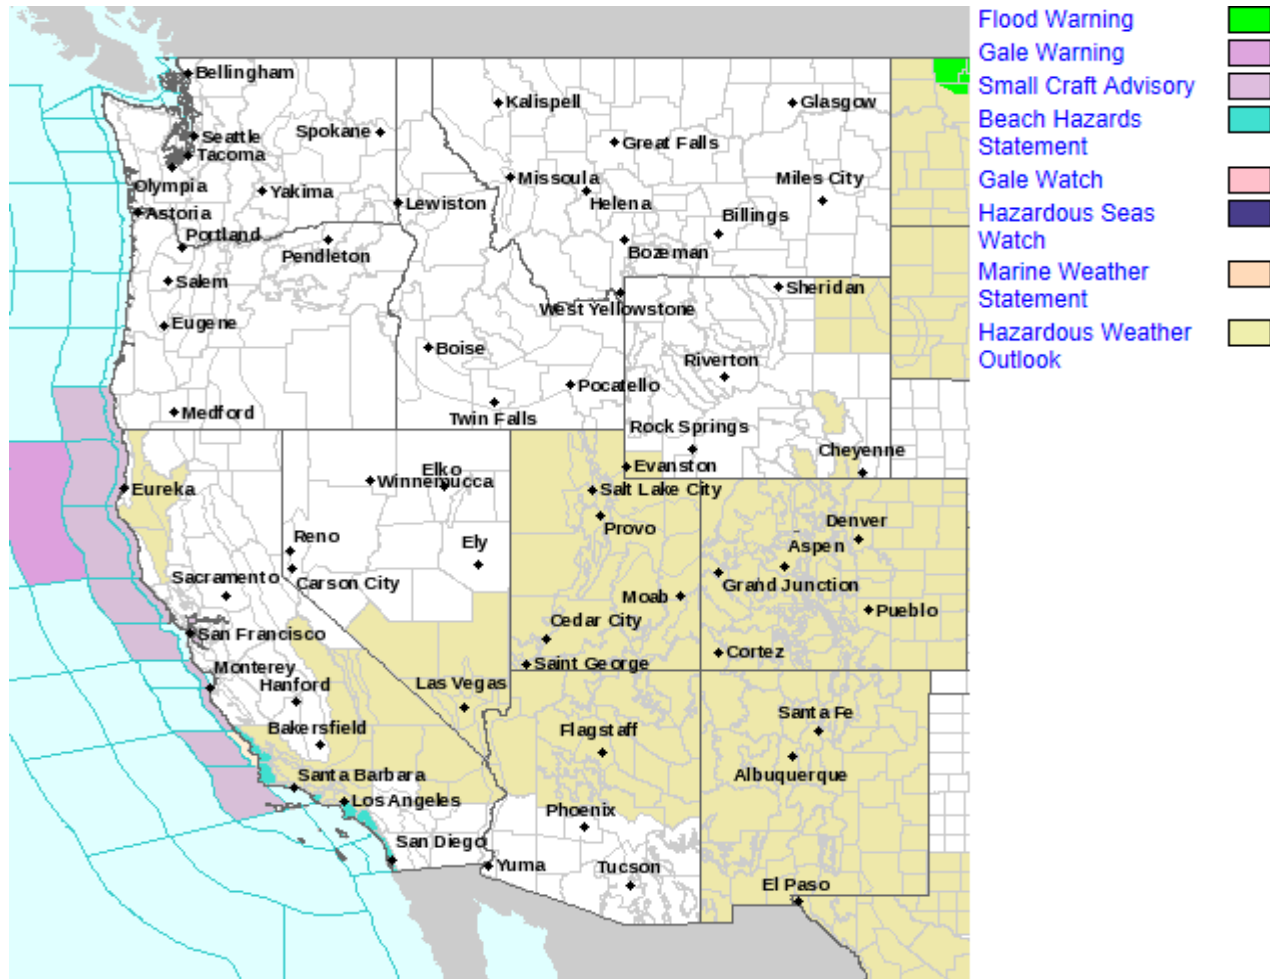

Slow drying of the atmosphere will gradually reduce the chances of afternoon and evening thunderstorms in the mountains and deserts through Monday. A possible influx of moisture on Tuesday would increase the chances for thunderstorms somewhat with minor day to day fluctuations into next weekend. Night and morning coastal low clouds and fog are expected to gradually return the next few days as the marine layer slowly deepens through midweek.

#### **Southeast California Weather:**

Monsoon moisture will continue over the region this week with some day to day fluctuations. The presence of the moist air mass will maintain daily chances of showers and thunderstorms. Today, the forecast area will have somewhat reduced storm chances compared to Saturday followed by somewhat better chances midweek.

## Ranch, Vegetation Fire, Kern County (Update)

### Fire Information:

10 miles west Lake Isabella, Kern County

- 150 acres, 0% contained
- Cooper Type 2 IMT assigned
- Local Government overhead assigned
- Fire is holding in place with the help of daily air support
- No Local Government commitment

# CAL OES ACTIVATIONS

## Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is Monday – Friday, 0800-1700 hours.

### **Situational Summary**

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

On April 25, 2014 Governor Brown released an Executive Order on Friday enabling several urgent actions to be taken as the drought persists into the state's traditional dry season.

**\*\* As this rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly over the coming months. This winter's below average rain and snowfall worsens conditions in this third straight dry year.\*\***

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- DWR has announced that water essential for health and safety will be delivered through the state water project. The current State Water Project Allocation is 5%.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

### **Situational Summary**

The National Weather Service provided the following synopsis for the relationship of Blowing Dust Advisories and the drought conditions in southeast California: Dust storms are common due to increased thunderstorm activity and the winds produced with these storms, during monsoonal flows. The severity of the dust storms could be locally exacerbated by drought conditions. In any event, the public should monitor NWS for any advisories and warnings issued by NWS.

On July 1 2014, administration of the CDPH Drinking Water Program (DWP) transferred to the California State Water Resources Control Board (SWRCB) Division of Drinking Water. CDPH and the SWRCB entered a Memorandum of Understanding outlining a three-month transition period during which drought response activities and any other emergencies will be coordinated jointly between the two organizations.

# CAL OES MISSIONS

## Ongoing Cal OES Missions

- **2014-LAW-3978, Update:** On 7/4/14 at 1435 hours, San Bernardino County Sherriff's Department (SBSD) cancelled the K-9 portion of the request. Cal OES Law Branch K-9 Coordinator advised. The Mine Team response from LASD is still a go for today, 7/6/14. **Situation:** On 7/3/2014 at 1523 hours, The SBSD is requesting mutual aid resources to assist in the search for human remains as part of an active, ongoing homicide investigation in the Twenty Nine Palms area. The request is for a mine team and HRD K-9's to search undisclosed area's on Saturday and Sunday, July 5 & 6. The Law Branch Region I Coordinator contacted the Los Angeles County Sheriff's Department for their Mine Team and Cal OES Law Branch is coordinating the HRD K-9 response.
- **2014-LAW-3981,** On 7/3/2014 at 1726 hours, the Glenn County Sheriff's Office requested SAR resources to assist in the search for human remains in the Sacramento River. On 6/21/14, a kayaker located human remains while on the River and notified authorities. Glenn County SO Detectives have been searching the area but with negative results and are requesting a mutual aid HRD K-9 to assist in a search for additional remains on Monday, 7/07/14. Butte County SO has agreed to assist with the mission and are coordinating directly with Glenn County.

# CAL OES MISSIONS

## Closed Cal OES Missions

- **2014-LAW-4000**, On 7/5/14 at 1701 hours, the Air Force Rescue Coordination Center (AFRCC) reported a PLB sounding at 37 08.66N 119 18.67W, just off Hwy 168 / Tollhouse Rd., northwest of Shaver Lake in Fresno County. The Cal OES Law Duty Officer (LDO) attempted contact with the registered owner (RO) and his listed emergency contacts but all went to voicemail. The LDO notified Fresno Sheriff's Office who advised they had a medical emergency call in that vicinity. At 1841 hours, AFRCC advised no signal was received from the device on the last satellite pass. LDO confirmed with Fresno SO that Deputies made contact with the RO who advised it was an accidental activation; the RO was coincidentally in the same area as the call Fresno was handling. AFRCC was advised. At 2118 hours, AFRCC notified the California State Warning Center that the activation was accidental and requested the mission be closed.
- **2014-LAW-3995**, On 7/5/14 at 1024 hours the International Emergency Response Coordination Center (IERCC) reported a SPOT activation at 39 0 27N, 120 45 50W, along the American River, in Placer County. The registered owner of the device was a Park Ranger. The LDO contacted State Parks Dispatch who had received calls from others in the area indicating a medical emergency. They were able to contact the Ranger who advised medical was already on scene. On 7/5/14 at 1350 hours, State Parks advised the call is concluded. The Ranger activated the device on behalf of female subject who had fallen out of a raft. She was in good condition and transported to Sutter Roseville Medical Center for further evaluation.

**Mission:**

We protect lives and property, build capabilities, and support our communities for a resilient California.

*We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.*
